Vision

Realizing our vision in compliance with professional regulations and guidelines, we aim to offer our services creatively and distinctly, addressing the requirements of both the local and international markets in the construction field. Our commitment involves staying abreast of the latest advancements in the construction sector and fostering accelerated development through detailed studies presented uniquely in the market as integrated solutions for project implementation. We strive to achieve the desired project benefits by aligning our workflow with a cash flow system tailored to the project's scale, emphasizing cost savings, and maximizing the utilization of recycled materials to serve the local market effectively.

Mission

As a purpose-driven organization, we seek team members who resonate with our mission. Placing individuals in roles that bring them daily satisfaction ensures a harmonious fit with our job and organizational goals. We aim to evolve into an exemplary infrastructure company, excelling as a comprehensive solutions and engineering services provider. Guided by Islamic principles, professional ethics, and creative excellence, we aspire to be a leading turnkey service provider and the preferred strategic partner for international industry leaders. Upholding transparency and commitment to the highest international standards, we aim to maintain financial efficiency through precise project studies that benefit all stakeholders.

Goals

By professional standards, our goal is to creatively and distinctly provide services that meet the needs of both local and international markets in the construction field. We stay updated on the latest developments, ensuring accelerated progress through unique, integrated solutions. Our focus includes aligning workflows with project scale, emphasizing cost savings, and maximizing the use of recycled materials for effective service in the local market.

Company Overview

Fathi Fouad Itani (FFI) Contracting Company is a diversified Saudi company. Established in 2006, and transferred to a company in 2024 the past decades have seen our business grow from a modest civil-works firm into a fully ledged general contracting corporation with a sizable portfolio, strong financial position, and a significant presence in a broad range of industries. Moreover, our unwavering focus on excellence has earned us a Class1- business ranking in Saudi Arabia.

Over the years, FFI Contracting has completed a wide variety of prestigious projects, including, but not limited to, commercial and residential complexes, including exclusive high-end villas and palaces, towers and high-rise buildings, hotels, and recreational centers, hospitals and medical facilities, defense, and military projects, retail and commercial centers, schools and educational facilities, and highways and bridges.

Facilities Management

Today, FFI Contracting Executive Management consists of highly qualified professionals who possess wide knowledge and experience in the construction field and have been working for the company for many years, backed by a team of engineers and competent manpower whose expertise ensures quality, performance, and timely delivery of our projects as planned.

What Services can we offer?

Construction - infrastructure - renovation

We are confident that our experience, expertise, reliable and world-class staff guided by our top-level management will bring out the best in everything we do and in return will give our clients the level of service they have come to expect in this type of industry and will surely be worth their time and investment.

Should you have further questions or concerns, please don't hesitate to contact us. Thank you for your business and continued support
